
Rector's Instruction for the Organisation of the Admission Procedure for the Summer Semester 2025/2026 and the Winter Semester 2026/2027

Designation and number	OP.5.14.1
Title	Rector's Instruction for the Organisation of the admission procedure for studies for the Summer Semester 2025/2026 and the Winter Semester 2026/2027
Valid from	October 21th, 2025
Replaces version	First version
Owner	Vice-Rector for the Study Affairs and Quality Management
Approved by	prof. Ing. Ondřej Krejcar, Ph.D., MPA, Ing. Martina Zimmermann, MBA
Prepared by	Ing. Terezie Suchánková
Distribution list	Study Department, Marketing Communication Department
Number of pages	17
Number of attachments	0

1. Purpose

The present organisational instruction shall govern the organisation of the admission procedure for studies commencing in the Summer Semester 2025/2026 and the Winter Semester 2026/2027.

2. Scope

The present instruction shall apply to the Study Affairs Department staff in preparing and implementing the admission procedure.

3. Ethical Statement

Škoda Auto University consistently rejects any form of discrimination. ŠAU treats all employees, male and female students with respect and equality, regardless of their gender identity, race, ethnicity, religion, age, health, sexual orientation or other socio-cultural differences.

The commitment to equal treatment and a dignified environment is detailed in the Škoda Auto University Code of Ethics.

4. Admission Requirements and Deadlines

4.1. Bachelor's study programme B0413P050002 Economics and Management

Admission to the Bachelor's degree programme in Economics and Management is subject to completing a full-time secondary education or a full-time vocational secondary education.

Any secondary school graduate may become a student if they:

1. Submit a certified copy of their school leaving certificate;
2. Pay the admission fee;
3. Were not subject to any disciplinary proceedings during their previous studies at Škoda Vysoká škola o.p.s. used by the Vice-Rector to issue a decision on exclusion from studies against which the student has not appealed or, following their appeal, the Rector has not mitigated the sanction mentioned above.

Applicants are admitted to study based on fulfilling the conditions specified above. An applicant becomes a school student on the date of their enrolment. There are no entrance examinations.

Rector decides on admission to study in the study programme. The decision on admission to the study shall be issued in writing within 30 days of verification of the conditions for the admission. The invitation to enrol in the study programme shall be sent to the applicant together with the admission decision or later separately.

DEADLINES

Round	Submitting an application	Enrolment term Mladá Boleslav	Enrolment term Prague
Regular term (1 st round)	until April 30 th , 2026	June 22 nd , 2026 or August 13 th , 2026	June 18 th , 2026 or August 14 th , 2026
Alternate term (2 nd round)	until August 2 nd , 2026	August 13 th , 2026 or September 3 rd , 2026	August 14 th , 2026 or August 31 st , 2026
Alternate term (3 rd round)	until August 21 st , 2026	September th , 2026 or September 22 nd , 2026	August 31 st , 2026
Alternate term (4 th round)	until September 6 th , 2026	September 22 nd , 2026	September 22 nd , 2026 in Mladá Boleslav

Applications will be allocated to the registration deadlines according to their receipt date (unless otherwise specified by the applicant). Incomplete e-applications by the closing date of the round will be forwarded to the next round. E-applications that are incomplete by **September 6th, 2026, will be cancelled.**

4.2. Bachelor's study programme B0413P050014 BusinessInformatics

Admission to the Bachelor's degree programme in Business Informatics is subject to completing a full-time secondary education or a full-time vocational secondary education.

Any secondary school graduate may become a student if they:

1. Submit a certified copy of their school leaving certificate;
2. Pay the admission fee;
3. Were not subject to any disciplinary proceedings during their previous studies at Škoda Vysoká škola o.p.s. used by the Vice-Rector to issue a decision on exclusion from studies against which the student has not appealed or, following their appeal, Rector has not mitigated the sanction mentioned above.

Applicants are admitted to study based on fulfilling the conditions specified above. An applicant becomes a school student on the date of their enrolment. There are no entrance examinations.

Rector decides on admission to study in the study programme. The decision on admission to the study shall be issued in writing within 30 days of verification of the conditions for the admission.

The invitation to enrol in the study programme shall be sent to the applicant together with the admission decision or later separately.

4.7. Bachelor's study programme B0413P050006 Business Administration

Admission to the Bachelor's degree programme in Business Administration is subject to completing a full-time secondary education or a full-time vocational secondary education.

Any secondary school graduate may become a student if they:

1. Submit a certified copy of their school leaving certificate;
2. Pay the admission fee;
3. Were not subject to any disciplinary proceedings during their previous studies at Škoda Vysoká škola o.p.s. used by the Vice-Rector to issue a decision on exclusion from studies against which the student has not appealed or, following their appeal, Rector has not mitigated the sanction mentioned above.
4. Passed an entrance examination to assess their motivation to study, verifying the study prerequisites and the level of general knowledge and competencies necessary for study in the study programme with a grade of "Passed".
5. Have documented language proficiency at the B2 SERR level in English or have passed an entrance examination verifying language proficiency at such level with a grade of "Passed".

The admission procedure shall include an entrance examination verifying the level of knowledge and competencies for study in the given programme. The admission examination shall take the form of a guided structured interview with the applicant, conducted in English, with the aim of assessing the applicant's motivation to study, verifying study prerequisites and the level of general knowledge and competencies necessary for study in the study programme. The content and structure of the examination shall be determined and approved by the programme guarantor. The interview shall be conducted by the study programme guarantor or an academic staff member designated by the study programme guarantor. The interview is either in person or on-line (via MS Teams).

The result of the admission examination verifying the level of knowledge and competencies for study in a given study programme shall be a "Passed" or "Failed" grade.

The admission examination shall also include verification of the language proficiency for the study unless the applicant proves them by an internationally recognised certificate according to the SERR or proof of passing a language examination issued by another institution authorised to conduct language examinations.

A B2 level of English is required for admission to the programme.

Language proficiency shall be assessed by means of an in-house Comprehensive Language Assessment testing that encompasses all language skills: reading, listening, writing and speaking in English.

The test includes:

- a) An on-line test focusing on the use of language in practice and listening,
- b) A 60-minute on-line session with an examiner to test reading, speaking and writing skills.

The result of the admission test verifying language aptitude for study shall be a "Passed" or "Failed" grade.

Both parts of the entrance examination shall be the subject of a protocol.

Applicants are admitted to study based on fulfilling the above conditions 1. - 5.

Rector decides on the admission to study in the study programme. The decision on admission to studies shall be issued in writing within 30 days of verification of the conditions for the admission. The invitation to enrol in the study programme shall be sent to the applicant together with the admission decision or later separately.

DEADLINES

Round	Submitting an application	Enrolment term Mladá Boleslav
Alternate term (1 st round)	until April 30 th , 2026	September 16 th , 2026

Applications will be allocated to the registration deadlines according to their receipt date (unless otherwise specified by the applicant). Incomplete e-applications by the closing date of the round will be forwarded to the next round. E-applications that are incomplete by **August 30th, 2026, will be cancelled**

4.8. Follow-up Master's study programme N0413A050011 Business Administration

Admission to study in the follow-up Master's degree programme in Business Administration is conditional on successful completion of an economic or technical or related study programme at a Škoda Auto University or another university.

Any graduate of a Bachelor's degree programme may become a student if they:

1. Submit a diploma confirming the attainment of an economically or technically oriented or related Bachelor's degree;
2. Pay the admission fee;
3. Were not subject to any disciplinary proceedings during their previous studies at Škoda Vysoká škola o.p.s. used by the Vice-Rector to issue a decision on exclusion from studies against which the student has not appealed or, following their appeal, Rector has not mitigated the sanction mentioned above.
4. Passed an entrance examination to assess their motivation to study, verifying the study prerequisites and the level of general knowledge and competencies in economics and management necessary for enrolling in the study programme with a grade of "Passed".
5. Have documented language proficiency at the B2 SERR level in English or have passed an entrance examination verifying language proficiency at such level with a grade of "Passed".

The admission procedure shall include an entrance examination verifying the level of knowledge and competencies for study in the given programme. The admission examination shall take the form of a guided structured interview with the applicant, conducted in English, with the aim of assessing the applicant's motivation to study, verifying study prerequisites and the level of general knowledge and competencies necessary for study in the study programme.

The content and structure of the examination shall be determined and approved by the programme guarantor. The interview shall be conducted by the study programme guarantor or an academic staff member designated by the study programme guarantor. The interview is either in person or on-line (via MS Teams).

The result of the admission examination verifying the level of knowledge and competencies for study in a given study programme shall be a "Passed" or "Failed" grade.

The admission examination shall also include verification of the language proficiency for the study unless the applicant proves them by an internationally recognised certificate according to the SERR or proof of passing a language examination issued by another institution authorised to conduct language examinations.

A B2 level of English is required for admission to the programme.

Language proficiency shall be assessed by means of an in-house Comprehensive Language Assessment testing that encompasses all language skills: reading, listening, writing and speaking in English.

The test includes:

- a) An on-line test focusing on the use of language in practice and listening,
- b) A 60-minute on-line session with an examiner to test reading, speaking and writing skills.

The result of the admission test verifying language aptitude for study shall be a "Passed" or "Failed" grade.

Both parts of the entrance examination shall be the subject of a protocol.

Applicants are admitted to study based on fulfilling the above conditions 1. – 5.

Rector decides on admission to study in the study programme. The decision on admission to the study shall be issued in writing within 30 days of verification of the conditions for the admission. The invitation to enrol in the study programme shall be sent to the applicant together with the admission decision or later separately.

6. Applicants with special educational needs

Admission to the study of applicants with special educational needs is subject to the decision of the Rector based on an assessment of whether the University can provide them with study support in relation to the specific nature of their educational needs. The university follows its internal regulation *Rules for Support Provided to Applicants and Students with Specific Educational Needs of Škoda Auto Vysoká škola o.p.s.* The unit responsible for providing or coordinating specific conditions or support for applicants or students with special needs is the Support Centre for Students with Specific Needs (hereinafter "Support Centre"), in cooperation with the Study Department, and in the case of international students, in cooperation with the International Office. The University recommends that applicants with special educational needs contact the Study Affairs Department prior to submitting an application for studies (or the International Office for international applicants).
