

Recognition of foreign education

In accordance with current legislation (§ 48 par. 1 of Act No. 111/1998 Coll.) you are obliged to submit documents proving passing the required degree of previous education abroad and recognition of its validity in the Czech Republic.

Any student who received previous education abroad and intends to continue studying in the Czech Republic (including ŠKODA AUTO VYSOKÁ ŠKOLA o.p.s.) must undergo a process called "Recognition of foreign education."

Applicants for Bachelor's program must submit a Certificate of recognition of a foreign diploma or Decision on recognition of a foreign diploma. Candidates applying to Master's programs must submit a Certificate of recognition of higher (Bachelor) education.

The recognition process must be initiated immediately after receiving a foreign certificate/university diploma! As soon as the recognition process starts, please submit a certified copy of confirmation of starting the recognition process to the Study Affairs Department.

Information for applicants for Bachelor's study program

The validity of documents is essentially determined by regional authorities (the nearest Regional Authorities).

For those students who have graduated from foreign secondary schools, the process of submitting applications for recognition of education at a Regional Authority is dependent on their permanent residence. If the permanent residence is in Mladá Boleslav the application is submitted to the Regional Authority of Central Bohemia 11 Zborovská, Prague 5. If the permanent residence is outside of the Czech Republic the application can be submitted at any Regional Authority in the Czech Republic, however most students submit their applications to the Regional Authority in Liberec, U Jezu 642/2a, 46 1 80 Liberec 2, phone +420 485 226 111.

If the content and scope of the education in the foreign school differ or the content and scope of the subject matter are not clear from the foreign certificate, the regional authorities will hold a nostrification examination (to test the applicant's knowledge). If the applicant fails the nostrification examination, the regional authorities will also deny the request for nostrification.

The following documents are needed for the nostrification application:
