

Czech for Foreigners (online course)

Course description

The course programme is designed as a two-year study of Czech. Unlike intensive courses, we offer lessons at a relaxed tempo, without disrupting study or work. You can prepare for acceptance into one of the leading universities in the Czech Republic and be able to study at a tertiary institution in Czech or be competent enough to use Czech at work or in your life while living in the country.

Your Czech and Russian speaking teacher will guide you through the course, explaining in detail the grammatical rules and aspects of the Czech language that are especially difficult for foreigners to grasp.

During the course, students will also learn about the culture and historical traditions, Czech mentality and customs that will help them to better navigate their way in the Czech setting.

Who is the course intended for?

Students in the final two years of secondary school, undergraduates from foreign universities intending to study at a tertiary institution in the Czech Republic (SAU) and also foreigners-employees of firms whom the course will help with better integration into the Czech setting.
