293 01 Mladá Boleslav,
Czech Republic

Conference Guarantee

prof. Ing. Stanislav Šaroch, Ph.D

Organizing Guarantee

Ing. Hana Čáslavová, MPA

CONFERENCE AIM

ICAI 2022 aims to create a space for scientific discussion on economic, legal and technical issues of the current state and development in the automotive industry. As the automotive industry is a significant export sector, not only for the Czech Republic but also for Europe as a whole and since the Czech Republic will start its EU Presidency in July 2022, the conference will focus on policies, developments and challenges towards sustainability, e-mobility and regulation in EU.

CONFERENCE TOPICS:

- The Importance of Automotive Industry in Contemporary Economies
- Financial Analysis
- Supply Chain Management
- Global Value Chains, Global Production Networks
- Legal Issues (Green Agenda, AI and Digitalization, IPR protection, competition regulation)
- Innovative Engineering, Materials and Design
- Digitization and SMART Technologies in the Automotive Environment
- Changing Customer Needs, Segments and Business Landscape for New Mobility
- Big Data and Analytics in the Automotive Industry

IMPORTANT DATES:

9 th January 2022	registration and abstract submission deadline
27 th February 2022	paper submission deadline
10 th April 2022	early bird fee payment deadline
